INTERNSHIPS

Python Programming Intern — Motion Cut Jun 2024–Jul 2024
Web Development Intern — InternPe Sep 2024–Oct 2024
AI/ML Intern — LeadingIndia.ai Jan 2026–May 2026

PROJECTS

Semantic Resume Analyzer GitHub — Live Demo

- Built and deployed an AI-powered resume analysis platform using Python, Streamlit, NLP, and ChromaDB.
- Implemented ATS scoring, semantic matching, recruiter search, candidate ranking, analytics dashboards, and AI-based recommendations.

AI Image Colorizer GitHub

- Developed an AI-powered image colorization application using OpenCV, Streamlit, and a pre-trained deep learning model.
- Enabled image upload, real-time colorization, download functionality, and responsive user interface.

Sales Insights Dashboard

- Designed an Excel dashboard for visualizing sales trends and performance metrics using advanced Excel functions and charts.
